

Recommendation Letter

To whom it may concern,

I am pleased to recommend LEON INFANT . B, who completed the FlyRank AI Internship Program from July 1, 2026 to August 26, 2026 in the role of Front-End AI Engineering Intern.

During the program, LEON completed 28 practical assignments applying curriculum in Site foundations, Responsive execution, Storefront patterns, and AI implementation QA.

The program record documents at least 182 hours across practical assignments, accepted capstone work, program meetings, learning resources, and verified Anthropic Academy courses.

As the culminating project, LEON completed "Ship It—Your First Production AI Product," which was reviewed and accepted by the lead track mentor.

Participation also included 1 attended program meeting, 5 completed learning resources, and 2 verified Anthropic Academy courses.

Based on this verified completion record, I recommend LEON for opportunities aligned with front-end engineering and AI-assisted product development.

The approved internship specialization was Front-end AI Engineering; the independently qualified completed track was Front-end AI Engineering.

About this recommendation	
Recommendation for	LEON INFANT . B
Program role	Front-End AI Engineering Intern
Program completed	FlyRank AI Internship, July 2026
Primary specialization	Front-end AI Engineering
Completed track(s)	Front-end AI Engineering
Participation period	July 1, 2026 to August 26, 2026
Program supervisor	Arijana Ibrović - Director of Internship Program

Issued August 26, 2026

Sincerely,

Alen Malkoc

Founder & CEO
