

The Through-Line: Map Content & CTAs

Defining the single claim, the site structure, and the call-to-action path that carries a visitor from first impression to contact.

CONTENT STRATEGY | INFORMATION ARCHITECTURE & CTA PLANNING

1 One-Line Claim

FINAL SELECTED CLAIM

"I build React frontends that make AI feel instant through real-time streaming, thoughtful loading states, and polished user experiences."

- 01I build React frontends that make AI feel instant.
- 02I create AI interfaces with real-time streaming and polished user experiences.
- 03I build fast, responsive React frontends for modern AI applications.
- 04I turn AI latency into smooth user experiences with React.
- 05I engineer React interfaces that stream AI responses in real time.
- 06I build production-ready AI frontends focused on speed, clarity, and user experiences.
- 07I create modern React applications that make AI interactions feel natural.
- 08I design frontend experiences that hide AI latency through real-time streaming and thoughtful loading states.
- 09I build AI-powered React applications with seamless real-time user experiences.
- 10I specialize in React frontends that make AI products feel fast.

4 Still Need to Gather

AI Capstone

- ☐ Hero section screenshot
- ☐ Desktop screenshot
- ☐ Mobile screenshot
- ☐ Live demo URL
- ☐ GitHub repository link
- ☐ Architecture diagram
- ☐ Final UI screenshots

Online Banking System

- ☐ Final screenshots
- ☐ Login page screenshot
- ☐ Dashboard screenshot
- ☐ Deposit feature screenshot
- ☐ Withdraw feature screenshot
- ☐ QR code feature screenshot
- ☐ Live deployment link
- ☐ GitHub repository link

Task Manager

- ☐ Project screenshots
- ☐ Live demo link
- ☐ GitHub repository link
- ☐ Feature summary

Internship Project

- ☐ Dashboard screenshots
- ☐ Analytics screenshots
- ☐ CSV export screenshots
- ☐ Description of my contributions
- ☐ Final repository link (if permitted)

Portfolio

- ☐ Professional profile photo
- ☐ Desktop portfolio screenshots
- ☐ Mobile portfolio screenshots
- ☐ Resume PDF
- ☐ GitHub profile link
- ☐ LinkedIn profile link
- ☐ Contact information
